These People Do Not Deserve to Die

April 30, 2025

This is me and my sister who lost her husband and all her children. From the heart of our little tent, we send you our greetings and hope that you are well

I am Hamdi Muqdad, a 22-year-old university student. I live in the stricken city of Gaza, where killing, bombing, and destruction are raging.

My only remaining sister and I live in a small tent after losing our home and all our family members, including my mother, my older brother, my younger brother, my sister and her children, her husband, and my aunt and her family, in a bombing that targeted our home.

I studied information and communication technology at the University College in Gaza, but I did not complete my education due to the outbreak of war and the difficult conditions.

I am speaking to you here from the heart of famine and the unprecedented high cost of living in the world, where there are no basic necessities for a decent life.

All crossings have been closed for months, and we are not allowed to bring in food or medicine.

Life is nonexistent here. We live in tents that do not protect us from the heat of the sun or the cold of winter.

There is no food, no water, no fuel, and no cooking gas.

Every morning, we search for firewood to light a fire so we can cook some water and animal food, which is not fit for eating.

I am a young man at the beginning of my life. I want this war to stop and for me to live a dignified life free from wars, killing, and displacement.

I want to eat food, drink water, and take medicine. I am a university student with aspirations of education and earning a university degree, but unfortunately, this will not happen while I am here in Gaza.

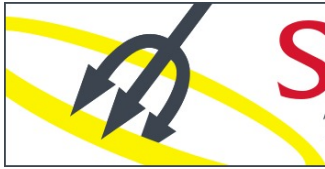

I must leave it soon, and this requires a very large sum of money to be allowed to leave. I am not here to beg your sympathy or to make you sad, but rather to explain to you what we are living through now.

I ask you to share my story as widely as possible, so that we can deliver this message to the entire world and to every person with a living conscience. Thank you.

Trump's Easter Message - "We're going to be honoring Jesus Christ very powerfully all throughout our lives every day."

(While we bomb Gaza back into the stone age. Jesus would approve.)

"We're bringing religion back to America. Happy Easter."

Trump belongs to Chabad, the Jewish supremacist cult that is arranging a "social catastrophe," the prerequisite for the return of

the Jewish antichrist and the fulfillment of End Times prophecy. He confirmed this by [his visit to Schneerson's grave on Oct 7, 2024](#), the anniversary of the false flag (Israel knew!) Hamas attack. His role is to lead the goyim into the third [Masonic Jewish world war](#). We love that Trump is saving America, but it is to garner support for Israel. Trump is an actor in a political reality show.

If Carney pursues globalist policies, Canada will break up and be swallowed by the US. This may have been Trump's motive in trolling Canada which led to Poilievre's defeat.

Canada's New Prime Minister, Mark Carney, Is Pro-CBDC, Transgender for Kids, Climate Tyranny

<https://needtoknow.news/2025/04/canadas-new-prime-minister-mark-carney-is-pro-cbdc-transgender-for-kids-climate-tyranny/>

"Globalist Mark Carney served as the governor of the Bank of Canada from 2008 to 2013 followed by a 7-year stints as the governor of the Bank of England from 2013 to 2020. Canadian journalist Dan Dicks reported that while Carney was in England, his biological daughter enrolled in the Tavistock Gender Clinic that promoted puberty blockers and cross-sex hormones for minors; Tavistock has been shut down due to causing harm. Carney and his wife have also been photographed with Jeffrey Epstein affiliate, Ghislaine Maxwell.

OP-ED: Canada chose fear over change by handing Carney power

Sue Ann Levy writes, "Voters who opted to return Liberals -- under the very dangerous Carney -- for a fourth time are the perfect definition of insanity."

They voted for the same party that destroyed Canada under Justin

Trudeau, --with crime and Jew hatred rampant, drug addiction celebrated, the economy in dire straits and young people's hopes for the future broken -- expecting a different result under the man who advised Trudeau repeatedly, especially in the last few years.

George Christensen reads the entrails from the Canadian election and pronounces the oracles for the Australian federal election May 3.

"Let me say it straight: Pierre Poilievre was supposed to be Canada's great white hope. A conservative firebrand. A bulldog against globalist overreach. A man who once knew how to say what every working-class voter was thinking--but then? He folded. He blinked. He tried to please the media, the elites, the so-called "moderates." And what did he get in return?

Defeat. Humiliation. A left-wing Liberal majority....Here's what they need to do--today--if they want to avoid the same fate as Canada's conservatives:

1. Rip up the globalist script. Ditch the 2030 net-zero goals. End the UN climate agenda. Bring manufacturing home. [This means a reciprocal tariff structure] Sovereignty first--every time.....

RFK Jr. Calls Out Pentagon "Chemtrail" Geoengineering Program, Points to DARPA

<https://needtoknow.news/2025/04/rfk-jr-calls-out-pentagon-chemtrail-geoengineering-program-points-to-darpa/>

RFK Jr. appeared on the Dr. Phil show and was asked by an audience member how to stop the "the stratospheric aerosol injections that are continuously peppered on us every day." Kennedy responded by saying, "That is not happening in my agency, we don't do that. It's done - we think - by DARPA and a lot of it now is coming out of the jet fuel. Those materials are put in jet fuel. I'm going to do everything in my power to stop it. We're bringing on somebody who's gonna think only about that, find out who's doing that and hold them accountable."

Klaus Schwab's Daughter Confesses: 'WEF Plans to Murder Billions of People'

"Nicole Schwab, the daughter of World Economic Forum co-founder Klaus, is extensively co-operating with prosecutors in the crimes against humanity case against key figures of the global elite, sparking fear in the WEF, the UN, and the WHO that their diplomatic immunity is about to be revoked and arrest warrants issued.

Behind the scenes, the so-called untouchables are panicking. Investigations once thought impossible are in full swing. Prosecutors are circling. Trump vs. Iran: Nuclear Deal II or World War III?

<https://kevinbarrett.substack.com/p/trump-vs-iran-nuclear-deal-ii-or>

Netanyahu--front man for the Zionist cabal that orchestrated 9/11--blew up the World Trade Center in order to hijack the US military to destroy "seven countries in five years," the seventh and most important being Iran. But the culmination of that plan is almost twenty years behind schedule. Pushback from realists in the US strategic establishment, who know war with Iran would be catastrophic for America, has prevented Bibi's loyalists from drawing the US into its

stupidest-ever war for Israel.

Yet Trump now stands on the precipice of that war. Caught between the proverbial rock and hard place--the strategic reality that war with Iran would destroy America and with it Trump's political prospects, and his promises to Netanyahu to countenance such a war--the occupant of the White House is ensnared in a trap of his own making.

Examining the Real Egyptian History of the Hyksos, the Hebrews and the Exodus

<https://www.winterwatch.net/2025/04/examining-the-egyptian-history-of-the-hyksos-the-hebrews-and-the-exodus/>

The Hyksos were a mysterious "Asiatic" Semitic tribe that invaded Egypt in 1782 B.C. and ruled until 1570 B.C. Then the Egyptians from Upper Egypt reunited the country and overthrew Hyksos rule. There is an active debate as to whether these were early Hebrew tribes. We say they were.

The Hyksos were characterized as "smart, pushy and rude."

G. Edward Griffin's "World Without Cancer" reveals the orchestrated suppression of a potential cure for cancer

CHRISTIAN ZIONISM

The belief that God favors a group that rejects Christ and has given them a land where they're allowed to kill, rape and torture without judgement

<https://www.naturalnews.com/2025-04-30-book-reveals-orchestrated-suppression-of-potential-cancer-cure.html>

"G. Edward Griffin, author of *World Without Cancer: The Story of Vitamin B17 Part 2*," claims the cancer industry is a "farce." He argues that it prioritizes profits over cures through expensive conventional treatments while suppressing natural alternatives.

Griffin argues that cancer stems from uncontrolled trophoblast cells, which he believes can be managed using vitamin B17 (found in apricot kernels and bitter almonds). He says vitamin B17 targets only malignant cells - though mainstream medicine dismisses this as unproven and dangerous.

Griffin accuses Big Pharma, regulatory agencies and medical institutions of deliberately suppressing vitamin B17 to protect the lucrative cancer treatment industry, citing historical ties between medicine and corporate interests."

Mike Stone - The Devil is in the Device

April 29, 2025

Stone--"When all is said and done, I'd love to cancel all internet and never use it again. But I can't. I'm addicted to it."

Makow Disclaimer- Due to the rudimentary state of cloning technology, I am not Mike Stone.

I LOVE the Internet. It's not technology. It's magic. The instant worldwide transmission of information is the best guarantee of freedom. The Internet puts the whole world in one room and a wealth of knowledge and entertainment at our finger tips.

**by Mike Stone
(henrymakow.com)**

I never thought I'd say this, but I'm an addict.

My Wi-Fi connection has been down for a week and I feel like a heroin junkie suffering from withdrawal. I've become dependent on the internet. I got along just fine before. Now I can't live without it.

I used to see pinch-faced people hunched over their phones, oblivious to everything and everyone around them and think, "What an idiot."

Now I'm just like they are. Actually, I'm worse because I know better. I've known from the beginning how harmful computers, cell phones, and Electromagnetic Frequencies are.

Studies linking cell phones to brain cancer have been around since

day one. And it's only gotten worse over time, especially now with 5G radiation. Remember all those 5G towers that went up during the phony pandemic?

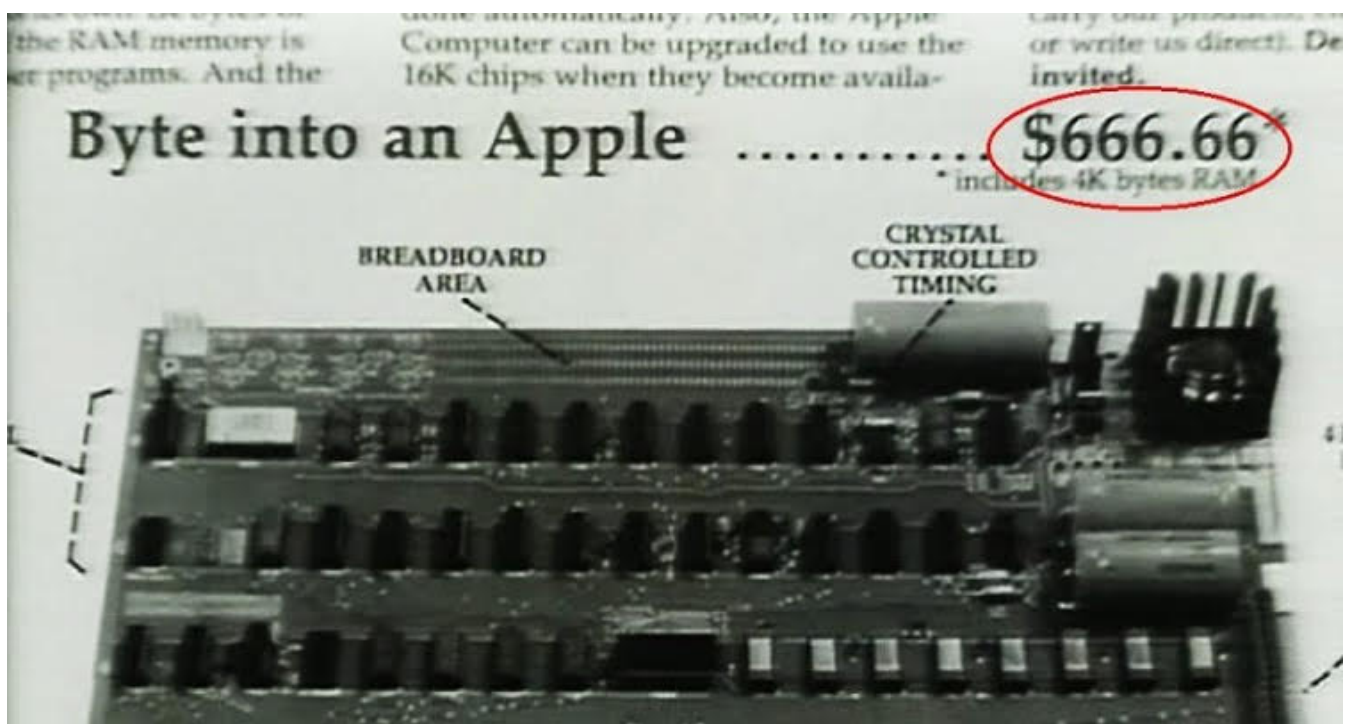

While the entire country was locked down, and people were arrested for going to the beach, crews went out all over the country and built 5G towers. Their mission was so secret, it could only be done under cover of a nationwide lockdown.

Now those towers are everywhere and people are dying of cancer left and right.

We know that the fake vaccine for the phony virus has led to an explosion of cancer deaths, but could the constant bombardment of EMFs coming from these 5G towers also play a part? What do you suppose would happen if everyone stopped using computers and cell phones?

Never mind that the gullible, braindead masses would never do such a thing, what do you think would happen if they did? I'm guessing we would see an immediate decrease in sickness, disease, and death

In the short week that I have been without an internet connection, my vision has improved tremendously. Colors are brighter and my visual clarity is stunning.

Evil to the (Apple) Core

Of course, it's not just danger to our health that computers, cell phones, and internet connections bring, but also danger to our souls.

In fact, I've long suspected that there was something nefarious behind the people who built and foisted computers on us in the first place.

Look at Apple's logo - it's an apple with a bite in it, a direct symbol of defiance to God.

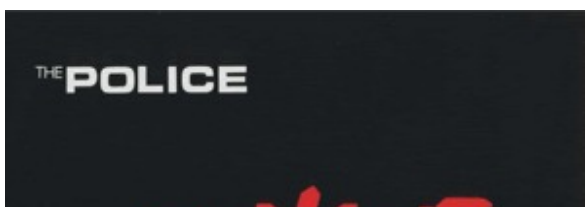

"Well, it's just a logo," you say. "The company's founders wanted to be edgy and cute."

I'm not so sure. Is being edgy and cute why they priced the first Apple computer \$666.66?

There's also something sinister and addicting about Wi-Fi. When I'm logged on to my laptop or iPad, I find it extremely hard to take my eyes off the screen. It's as if some strange power wants to keep me locked into the device. Could Wi-Fi devices be inhabited by demons?

Music Industry Insiders Knew What Was Coming

A British pop band from the 80s called The Police actually made an album called "*Ghost in the Machine*." Substitute the word "ghost" for demon, and the word "machine" for computer device or cell phone and what do you get?

The cover art for the "*Ghost in the Machine*" album features a hidden 666 message when viewed in a mirror. There are songs on the album

about demons and sorcery (Spirits in the Material World), trans-humanism (Rehumanize Yourself), and one-world government (One World, Not Three). And this was back in 1981, before anyone had ever heard of an iPhone.

The front man for *The Police* was the Illuminati puppet Sting. Did he and his handlers know way back then what was planned for the future?

Illuminati insider John Todd revealed that all master recordings are cursed and inhabited by demons. If the people behind our music put demons into every record, why wouldn't the people who produce our phones, tablets and iPads do the same?

Remember, too, that there was talk of the STUPID-19 vaccines containing luciferase, a compound that works at destroying the "God gene."

Are the people pushing music, computer devices, and fake vaccines working together to indoctrinate us all into a satanic New World Order? If so, it would explain why everyone you know acts like a sleepwalking zombie on their way to hell.

The Internet Dumbs People Down

Despotic rulers learned long ago that the best way to keep the masses in an uncomprehending state of subservience was to give them a circus. The internet and social media represent the ultimate circus. They've created a new national pastime: virtue signalling.

What is X, formerly Twitter, other than one huge conglomerate of virtue signaling?

Blue Sky is even worse. It's Twitter for communists, Marxists, sexual deviants, and unhinged liberal White women.

When all is said and done, I'd love to cancel all internet and never use it again. But I can't. I'm addicted to it.

How Canada's Conservatives Botched the Election of a Lifetime

<https://www.thefp.com/p/how-canadas-conservatives-blew-it>

"Starting in February, Trump launched a trade war against Canada, with on-again, off-again tariffs that left Canadians reeling. A wave of nationalism swept the country, with Canadians booing the American national anthem at hockey games, boycotting U.S. products, and all but abandoning cross-border travel.

This put Poilievre in a near-impossible position. Much of his base--including many of his MPs--admire Trump. But with Trump openly attacking Canada, and with Poilievre's own anti-woke rhetoric and disdain for the mainstream media, he found himself trapped. Attempts to distance himself from Trump could alienate core supporters, while embracing the American president would push away everyone else.°

Poilievre needed to show he could "make a deal" with Trump

Here's an excerpt from Michael Shellenberger at PUBLIC, who provided an uncomfortable truth about the unhinged liberals in Europe who have been hellbent on retiring fossil fuel power and nuclear generation plants, swapping for unreliable solar and wind:

Despite all these warnings, political and regulatory energy in Europe remained focused on accelerating renewable deployment, not upgrading the grid's basic stability. In Spain, solar generation continued to climb rapidly through 2023 and early 2024.

Coal plants closed. Nuclear units retired. On many spring days by 2025, Spain's midday solar generation exceeded its total afternoon demand, leading to frequent negative electricity prices. The system was being pushed to the limit. And today, at 12:35 pm, it broke."

Donald Trump launched a massive trade war against China -- but it didn't end the way most Americans think. Today, we break down how China outmaneuvered the U.S., diversified its economy, and why Trump's tariffs ended up hurting American businesses far more than China's. The myth of American economic dominance

How U.S. allies began turning their backs on America

Was the Canadian Election Fixed? Yup

(Left,
the
hidden

handshake)

Pierre Poilievre's election campaign reminded me of Andrew Scheer's flaccid Campaign in 2020.

Poilliever's campaign lacked the killer instinct. TV attack ads targeting the deplorable Liberal record: the phoney pandemic; freedom convoy; migration, Agenda 2030 etc. They ignored his connection to Ghislaine Maxwell (his wife's bestie.)

Politics are a charade. The Right does not expose the Left (and Vice Versa)

because they are in cahoots.

Conservative pundits ignored our revelation that Carney is a closet homosexual

like Trudeau and much of the depraved WEF-Illuminati cult.

The fix was in. They're all Freemasons.

Freemasonry gives us only two choices: Communist (Globalist, Soros) and Zionist (Nationalist, Conservative.) You can't be a nationalist unless you are Zionist.

(A few pundits are but no political leaders.) Poilievre condoned Trump's Gaza genocide. Carnage swept Ottawa including PP's seat because the former bank Governor means more spending. After all, he has been a loyal Rothschild widget for decades. So don't be too sad Canadians. It's all a charade. We're being gaslit. By their toothless campaign, Poilievre and the Conservatives took a fall.

Carney puts Canada on a collision course with the US that it isn't prepared for. I can see Alberta taking up Trump's offer to become the 51st state. Luckily Alberta Premier Danielle Smith is also a Freemason.

This appeared Sunday am before the election.

"Woke Canadians hate Trump more than they love Canada"

A voter could see it coming. But Conservative campaign strategists couldn't?

(left, Masonic thumb on knuckle handshake and nod of submission)

The Fix is IN!

Canada to merge with EU against US Under Carney.

The conservatives failed to pivot

against the Trump screw up.

Trump has pushed the Canadians right into the globalists arms. Is Trump that stupid?

Woke Canadians hate Trump.

"I tried to contact the conservatives to change tactics or they would lose. Instead they parrot axe the tax on every tv ad . They needed to expose Carney as a You Will Own Nothing campaign against his cult religion of the Wef.

Show the Davos elite flying in their planes.

Show that the Wef is the Trillion dollar private club.

Show the Clips of Carney bragging about him being one of the elite.

Show the clips of Klaus bragging about penetrating Canada including the Ndp.

Show the clips of Klaus , Yuval Noah actually saying what will we do with all these useless people. The Wef clips on 15 minute cities, mocking God, chipping us, becoming Gods, and them saying on camera we need to reduce the population by BILLIONS. WHY did the conservatives not hit back?

I see that on social media the people all think Carney is a financial wizard with experience.

Liberal supporters think the Wef is a harmless think tank. They have spun a counter conspiracy that the IDU is the threat .

The IDU is a far right wing Trump ideological Religious cult.

Canada- The Reality from a Canadian

"By almost any metric, Canada is worse off than it was 10 years ago when the Liberals took power. Canadians are poorer. Public services have deteriorated. People are dying waiting for medical care. Even life expectancy and the birthrate have dropped. And that's not all. While housing costs have gone up by \$43 per day since the Liberals were elected, violence -- including gun violence -- has spiked across the country. The national debt has increased, military preparedness has dropped and the economy has stagnated.

Carney's Globalist Agenda Will Destroy Canada (and result in Alberta joining the US)

Carney is lying about everything. He is telling people the US is over and Canada will now lead the world. Anyone can look up the facts. U.S. total trade is 22.7% of world trade. \$32.1 trillion. Canada's total trade is \$1.6333 trillion, or just 5.1%. He is lying to the public and the world.

April 28- China Calls Trump's Bluff

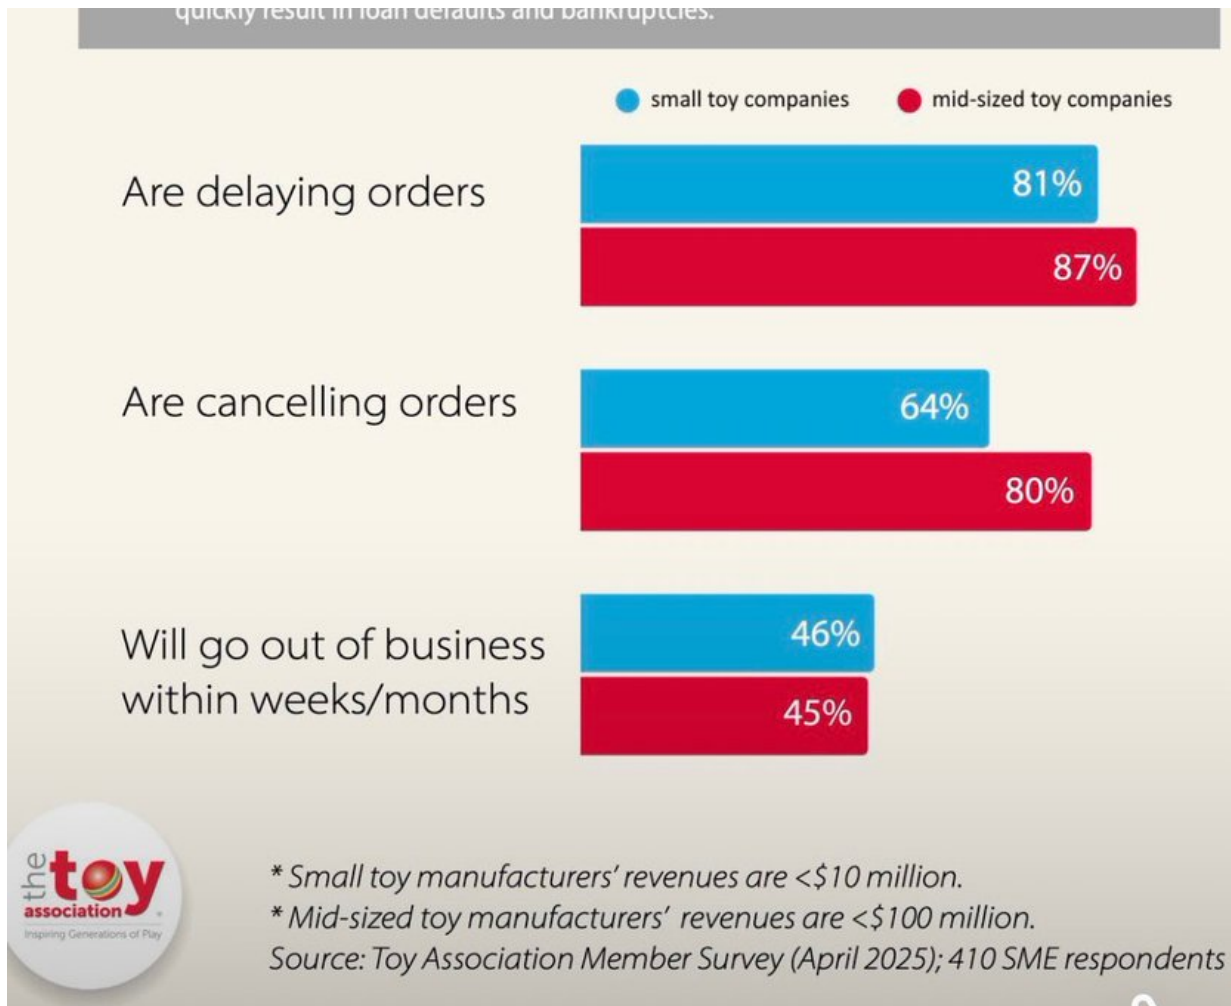

April 28, 2025

IMPACT OF TARIFFS: U.S. TOY INDUSTRY

96% of American toy companies are small & mid-sized businesses. **~50%** of them say they will soon go out of business due to current U.S. tariff policy.

CHRISTMAS 2025 AT RISK

Tariffs of 145% on Chinese imports have frozen the toy production supply chain, having a devastating impact on SMEs, many of whom are family owned...including high levels of cancelled orders and significant retail cancelled purchases, which will quickly result in loan defaults and bankruptcies.

"They make up bargaining chips out of thin air, bully and go back on their words, which makes everyone see one thing more and more clearly, that is the so-called 'reciprocal tariffs' severely go against historical trends and economic laws, impact international trade rules and order and seriously impair the legitimate rights and interests of countries," said Zhao Chenxin, deputy director of the National Development and Reform Commission, the country's main economic planning agency.

Having been called a liar by Anthony Fauci for saying that "not one of the 72 vaccines mandated for children has ever been safety tested", RFK Jr. sued Fauci.

After a year of stonewalling, Fauci's lawyers admitted that RFK Jr. had been right all along.

"There's no downstream liability, there's no front-end safety testing... and there's no marketing and advertising costs, because the federal government is ordering 78 million school kids to take that vaccine every year."

"So we got all of these new vaccines, 72 shots, 16 vaccines... And that year, 1989, we saw an explosion in chronic disease in American children... ADHD, sleep disorders, language delays, ASD, autism, Tourette's syndrome, ticks, narcolepsy."

"Autism went from one in 10,000 in my generation... to one in every 34 kids today."

Woah. Read this. Fair election my a\$\$

**Woah. Read this.
Fair election my a\$\$**

The Liberal upset the Conservative incumbent by 235 votes!!!

<https://www.castanet.net/news/Kelowna/547402/On-the-Street-Kelowna-reacts-to-federal-election-results>

**by MaryAnn Gill
(henrymakow.com)**

I worked as an Information Officer, in the Federal Election on April 28, 2025. I was at the - Dr Knox Ecole /School- Polling Station in Kelowna BC from 5:45 AM until 8:30 PM .

I want to put in writing what I witnessed:

1- Numerous voters , at least 50%, asked if they could use their pen, that they brought to vote. I said YES.

LATER- after the polls closed, I was then asked to, do the Tally. (Record the choice of vote on the ballot) As the Deputy Returning Officer called out the Name of The Candidate selected, I was to record it.

I noticed, None Of the ballots were in Pen. Only pencil. I know for a Fact, I sent most voters, that had a voting card, to desk # 17.

The total of votes tallied at desk #17 were the most of any other desk in the Polling Station. I asked my DRO why none were in pen. No answer offered.

These ballots were then put in an envelope and sealed. My signature is on record as I tallied the total.

2- I noticed many voters turned away that had proper ID. I talked with many to ask why they were refused as these voters were very upset and felt very concerned that they were refused. It turned out that an ENTIRE APARTMENT BUILDING on Valley Road was missing from Elections Canada Information. Meaning none of the residents had voter cards. Without the cards they needed to provide valid ID. Without PROOF OF The Building Existing, none of the occupants could vote, even with valid Passports, Drivers Licenses, mortgage docs, rental agreements, bills ect. It was mindboggling to watch these people turned away. I brought each person to the supervisor to help them vote and the Supervisor said there was nothing they could do without without Election Canada approval.

3- Election Canada was not accessible most of the day. By the afternoon, no supervisor or senior officers could get through for any verification.

4- over 60% of voters were under 35 at this location. There were a handful of 70 year old and up. This was remarkable to see such a massive amount of youth. I lost count of how many youth told me it was their 1st Time voting Federally. I asked for stickers or anything to hand out. There was nothing for 1st time voters or children attending with parents.

5-One other Information Officer informed me, his wife was working at the head of Elections Office in the Landmark Building where all the Special Ballots were. These ballots were done very early and you wrote the Candidate name on the ballot. This was done for weeks. Other special ballots are the mobile voting and mail in votes, ect. The ballots were not precounted. I spoke with this man after the polls closed and after we tallied to ask if his wife's still counting. He said they did not finish yet and that there was approximately 20,000 ballots. STRANGE that Kelowna called out a winner without that many ballots counted.

6- Many voters spent the day going from Polling Station to Polling Station trying to vote because the Election Canada website was not working so no one could troubleshoot all these oddities with missing voters cards and locations of Polling Stations based on the address of the voters.

7- I can assure all Canadians what I saw in only 1 poll would have a difference in the outcome of this riding. When an entire apartment building is missing, that is not a simple insignificant issue . Hundreds of voters are not counted and that will change the outcome of elections.

My experience is of only 1 poll, in 1 riding, in 1 city, in BC . If it happened here I'm safe to understand it happened in other places. That is one of endless reasons that Elections Canada was not reachable or web sites working for most of the day.

Very clear interference in the Voting Of eligible Voters witnessed today.

Manitoba Needs a New Conservative Party

by Larry Brandt
(henrymakow.com)

The Manitoba Progressive Conservatives are in freefall -- and it's no accident. Once a party grounded in personal freedom, fiscal responsibility, and common sense, it has abandoned its roots to chase the approval of special interest groups, lobbyists, and political insiders.

The recent leadership race was a disaster that confirmed the rot. Instead of learning from the elitist failures of the past, the party doubled down. Only 10,990 memberships were sold -- nearly half of the previous race. Just 6,750 ballots were returned. Wally Daudrich won the popular vote with 3,387 votes to Obby Khan's 3,334 -- a clear one-person, one-vote victory. But the PC establishment had already stacked the deck with a manipulated "points system," allowing Khan to seize victory by weighting small ridings heavier than large ones. In places like Steinbach, Daudrich's strong showing was diluted. Meanwhile, Khan's wins in low-turnout ridings like The Maples translated directly into points.

Even Premier Wab Kinew could see it coming. The fix was in.

The will of the membership was thrown aside in favor of what insiders wanted. The result? A deeply divided party, rapidly shrinking, financially strained, and morally compromised.

The scandals continue to pile up.

- Over \$2 million in consulting contracts were quietly funneled to the PC's failed campaign manager, Marni Larkin, through daycare projects while the PCs were in government.

- The son of a major PC fundraiser was handed multimillion-dollar daycare construction contracts without competitive oversight.
- A campaign "car rental" expense turned out to be a hidden payment to a known sex coach.
- The Integrity Commissioner's pending report into the Sio Silica project looms over the party, with serious questions about attempted fast-tracking after electoral defeat.
- Now, the party's newly installed leader, Obby Khan, faces a \$400,000 lawsuit from a former business partner alleging financial wrongdoing.

At the same time, the PCs -- led by figures like Khan -- are increasingly paralyzed in the face of street-level violence and campus protests where hatred toward Jews is openly displayed. They cannot -- or will not -- forcefully condemn the violent, hate-filled ideology taking root, because political Islam now lurks just beneath the surface of their new coalition.

This is no accident. Political Islam, dressed as a religion, has destabilized the Middle East and Europe -- and now it's creeping into Canada. It does not coexist with Western freedoms. It seeks to dominate them. And with figures like Khan at the forefront, the Manitoba PCs have placed themselves on the wrong side of history, unable to defend the very principles our civilization was built upon.

Unless the Manitoba Progressive Conservatives return to true conservative values -- courage, accountability, and loyalty to the people, not the elites -- they will not just lose power. They will lose their soul.

For true conservatives -- for those who still believe in protecting our freedoms, in honest leadership, and in standing unapologetically for the people -- there is a better choice: the Keystone Party of Manitoba.

The Keystone Party represents the future that the PCs abandoned: a movement built not for lobbyists or insiders, but for ordinary Manitobans who are tired of being sold out. It is the home for those

who will no longer tolerate corruption, ideological drift,
or moral cowardice.

If you believe in real conservatism, if you want real leadership with real
accountability -- then it's time to walk away from the broken PC
establishment and build something better.

It's time to come home. It's time to build Keystone.
